

# 1 Identification of the substances/ mixture and of the company/ undertaking

1.1	Product Identifiers		
	Product Number	MBRE020	
	Product Name	Mlu I Source : Micrococcus luteus	
	<b>REACH Registration Number</b>	Reach registration number is not available	e for this mixture. The annual
		tonnage does not require a REACH registr	ation.
1.2	Relevant identified uses of	the substance or mixture and uses advised	d against
1.2.1	Relevant identified uses	For Laboratory and Research Use	
1.3	Details of the supplier of th	e safety data sheet	
1.3	<b>Details of the supplier of th</b> Produced by	<b>e safety data sheet</b> HiMedia Laboratories Private Limited	
1.3	••	-	al Area, Thane(W), - 400 604, India
1.3	Produced by	HiMedia Laboratories Private Limited	al Area, Thane(W), - 400 604, India Fax No. :+91-22-61471920
1.3	Produced by Reg Address	HiMedia Laboratories Private Limited C-40, Road No.21Y, MIDC, Wagle Industria	, , , , , ,
1.3	Produced by Reg Address Tel. No.	HiMedia Laboratories Private Limited C-40, Road No.21Y, MIDC, Wagle Industria +91-22-6147 1919/6116 9797	Fax No. :+91-22-61471920 Website : www.himedialabs.com

# 2 Hazards Identification

# 2.1 Classification of the substance or mixture CLP Classification-Regulation (EC) No. 1272/2008[EU-GHS/CLP]

Not a hazardous substance or mixture

## 2.2 Label elements

HIMEDIA

# Labeling according to Regulation (EC) No.1272/2008

The product does not need to be labelled in accordance with EC directives or respective national laws.

# 2.3 Other Hazards

None

# 3 Composition/Information On Ingredients

No components need to be disclosed according to the applicable regulations.

# 4 First Aid Measures

## 4.1 Description of first aid measures

## General advice

Consult a physician. Show this safety data sheet to the doctor in attendance.

## If inhaled

If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.

## In case of skin contact

Wash off with soap and plenty of water. Consult a physician.

# In case of eye contact

Rinse immediately with plenty of water for at least 15 minutes. Consult a physician. *If swallowed* 

Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

# **4.2** Most important symptoms and effects, both acute and delayed The most important known symptoms and effects are described in the labeling (see section 2.2) and/or in section 11.

**4.3** Indication of immediate medical attention and special treatment needed Treat symptomatically.

#### 5 Fire Fighting Measures

# 5.1 Extinguishing media

# *Suitable extinguishing media* Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. *Unsuitable extinguishing media* No data available.

- 5.2 Special hazards arising from the substance or mixture No data available
- **5.3 Precautions for fire-fighters** Wear self contained breathing apparatus for fire fighting if necessary

## 5.4 Further information No data available

## 6 Accidental Release Measures

- 6.1 Personal precautions, protective equipment and emergency procedures Use personnel protective equipment. Avoid breathing vapours, mist or gas. Ensure adequate ventilation. For personal protection see section 8.
- 6.2 Environmental precautions No special environmental precautions required.
- 6.3 Methods and materials for containment and cleaning up Soak up with inert adsorbent material and dispose of as hazardous waste. Keep in suitable, closed containers for disposal.
- 6.4 Reference to other sections For disposal see Section 13.

## 7 Handling and Storage

7.1 Precautions for safe handling

Avoid contact with skin and eyes. Avoid inhalation of vapour or mist. For precautions see section 2.2.7.2 Conditions for safe storage, including any incompatibilities

Store in cool place. Keep container tightly closed in a dry and well-ventilated place. Storage class (TRGS 510): Non Combustible Liquids

Recommended Storage Temperature : On receipt store at -20°C

Page 2 of 6

## 7.3 Specific end uses

Apart from the uses mentioned in section 1.2 no other specific uses are stipulated.

#### 8 Exposure Controls/Personal Protection

#### 8.1 Control parameters

Components with workplace control parameters

#### 8.2 Exposure controls

#### Appropriate engineering controls

Avoid contact with skin, eyes and clothing. Wash hands before breaks and immediately after handling the products.

#### Personal protective equipment

#### Hygiene measure

Immediately change contaminated clothing. Apply preventive skin protection. Wash hands and face after working with the product.

#### Eye/face protection

Tightly fitting saftey goggles; Faceshield (8-inch minimum). Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166 (EU). *Skin protection* 

Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands. The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it.

#### **Body protection**

Complete suit protecting against chemicals. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace. *Respiratory protection* 

# Where risk assessment shows air-purifying respirators are appropriate use a full-face respirator with multi-purpose combination (US) or type ABEK (EN 14387) respirator cartridges as a backup to

multi-purpose combination (US) or type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

#### Environment exposure controls

Do not let product enter drains.

#### 9 Physical and chemical properties

#### 9.1 Information on basic physical and chemical properties

Odour	No data available
Odour Threshold	No data available
рН	No data available
Melting/freezing point	No data available
Initial boiling point and boiling range	No data available
Flash point	No data available
Evaporation rate	No data available
Flammability (Solid, gas)	No data available
Vapour pressure	No data available
Relative density	No data available

Page **3** of **6** 

9.2	Water Solubility Autoignition Temperature Decomposition Temperature Viscosity Explosive properties Oxidizing properties Thermal decomposition <b>Other safety information</b> No data available	No data available No data available No data available No data available No data available No data available
10 10.1 10.2	Stability and Reactivity Reactivity No data available Chemical stability Stable under recommended storage conditions.	
10.3 10.4	Possibility of hazardous reactions No data available Conditions to avoid No data available	
10.6	Hazardous decomposition products In the event of fire. Refer section 5	
11 11.1	Toxicological Information Information on toxicological effects Acute toxicity No data available Skin corrosion/irritation No data available Serious eye damage/eye irritation No data available Respiratory or skin sensitisation No data available Germ cell mutagenicity No data available Carcinogenicity IARC: No component of this product present at leve probable, possible or confirmed human carcinoger Reproductive toxicity No data available Specific target organ toxicity- single exposure No data available	

Aspiration hazard

No data available *Additional Information* RTECS: Not Applicable
